

## **FINAL CAMPAIGN STATEMENT FOR OCTOBER 18, 2021**

“The City of Calgary is a City of great financial opportunities, economic growth, great potential for its citizens and provides a vibrant dynamic “quality of life for its residents”.

The City of Calgary’s vision is to be a great City of the 21st century.

This city must have the vision to sustain economic growth for its citizens, developing the needed affordable housing models, conserving an environmental standard of living and ensuring a quality of life for all its citizens.

To that end, as your elected representative for Ward 3 Councillor for the City of Calgary, my vision is the sustainability of our city’s financial structure. A city that builds a sound fiscal policy, a sustainable approach to municipal funding and accountability for financial spending.

I will practise strong corporate principles and transparent communication with the Citizens of Calgary.

When I registered at City Hall as an elected representative for office in Ward 3, “to serve” and “to service” the needs of Ward 3, I ran on five policy principles.

1. JOBS AND THE ECONOMY
2. BUILDING STRONG COMMUNITIES
3. CREATING CRITICAL COMMUNITY INFRASTRUCTURE
4. AN EQUITABLE CITY OF CALGARY TAX POLICTY, AND
5. FINANCIAL ACCOUNTABILITY & MAXIMIZING EXPENDITURES.

Beginning in April, I planned my organized campaign structure, fundraising and continuous door knocking campaign to meet the voters of Ward 3 and to seek the bond of trust with the residents of Ward 3 as outlined in fifteen policy themes.

Today after countless door knocking, campaign events and numerous telephone calls and with the distribution of campaign literature and the placement of countless road and lawn signs, my campaign has come to an end.

**Monday October 18, 2021 from 8am to 8pm at 11 voting stations, the voters of Ward 3 will make their democratic right to elect their candidate of choice as Councillor for the next four-year term.**

**Find Your Polling Station Here:**

**May I ask for your vote and elect Kumar Sharma on Monday October 18, 2021**

I want to see a city that builds a modern infrastructure for a modern city of the Future.

I want to make the Green Line, public transit, LRT, my priority. A transportation system of the movement of people, goods, and services that meets the needs of a City of the 21 Century.

Calgary must lead in the conversation and make use of the environment with proactive policies and action plans.

Our city must ensure the development of cultural and recreational facilities for a dynamic city.

Our City must welcome the world. As your elected representative to City Council; I pledge to provide the effective political and elected leadership entrusted to work on your behalf.

I will work to bring financial economic opportunities for growth, investment and development in industries of the green economy which will enable our youth to continue with their education, recreational facilities to be built and make Calgary their home close to their families.

I will continue to respect, encourage and make good on the base city core service of our City, I will work to ensure proper funding for Police, EMS, Fire, Emergency Services, By-Law and the needs of water, power and basic services.

Leadership, a forward-thinking vision , a bold approach of accountability and the representation of your needs as citizens of Ward 3, and the City of Calgary.

Thank you

Let's create change together.

Please vote Kumar Sharma on October 18, 2021

Thank you.

Kumar Sharma
